

AE
SIGNAGE

SIGNAGE MANUFACTURE SINCE 1976

ABOUT AE SIGNAGE

We specialise in the concept design and planning, manufacture, project management, installation and after-sales servicing of customised retail, corporate, petrochemical, wayfinding, shopping centre and other general branding signage.

With more than forty years' experience in the industry, we produce a wide range of high quality signage, custom built to suit our clients' specific needs by means of perspex and metal fabrication, the latest LED and neon lighting technology, as well as printed and vinyl graphics.

Whether it is for a single signage application or a full roll out program, our experienced team of experts offers the complete signage solution, from initial planning and design to specialist manufacturing and installation.

Installations are done throughout South Africa as well as other African countries, utilising access equipment such as boom lifts, scaffolding, rope access and cranes where necessary.

MISSION STATEMENT

Through innovation and continuous improvement, we strive to provide a high quality product, and offer our clients exceptional value and support.

To build long term working relationships and continue to grow and emerge as a world class signage supplier.

WHAT WE OFFER

CONCEPT DESIGN

- Logo design.
- Signage development and applications.
- 3D artwork renders.
- Corporate identity manuals.

ENGINEERING DESIGN

- Engineering design and drawings.
- Prototypes.
- Material specifications.

SITE SURVEYS

- Site surveys and measurements.
- Site scoping in terms of signage application.

PRODUCTION

RETAIL SIGNAGE

PROJECTS

Ensuring retail brand identities are consistently applied over multiple locations.
Giving brands the edge in busy retail environments.

SHOPPING CENTRE SIGNAGE

Turnkey signage solutions for neighbourhood, regional and super regional shopping centres.
Main identity building signs, parking and directional signs, disclaimer and statutory signs, internal directory and directional signs.

PETROCHEMICAL SIGNAGE

PROJECTS

Complete signage offering - main identity pylons, canopy signs, canopy cladding, forecourt signs.
New site and retrofit solutions. Supply, installation and maintenance services.

CORPORATE SIGNAGE

High end signage and bespoke design for corporate environments.

PYLON SIGNAGE

PROJECTS

Free standing pylon signs. Eye catching and high impact.
Designed and manufactured in accordance with engineering protocols.

WAYFINDING SIGNAGE

The best way from point A to point B.
We assist developers and architects with movement analysis and development of comprehensive wayfinding plans.

FAUX NEON SIGNAGE

PROJECTS

A classic look that never fails to impress.

Faux Neon signs are fully customisable to any shape or form, adding a special touch to any retail or corporate space.

BUILDING AND CANOPY CLADDING

Building and canopy cladding with ACM (Aluminium Composite Material) is a fast growing trend.

Providing a high quality finish to new and old buildings alike.

CHOOSE THE RIGHT SIGNAGE PARTNER

AE Signage produces a high quality product with focus on customer satisfaction. We have the ability and willingness to grow and get better every day. With over 40 years' experience in the signage industry and a modern 10,000m² production facility, we are one of the most established and biggest signage companies in Africa.

There are several key points which will help ensure our success as your signage partner:

- In-depth knowledge of the signage industry.
- Innovation through product design and development.
- The capacity and ability to quickly respond to clients' needs.
- Dedicated resources allocated to client - specific production.
- Proven track record.
- The ability to manage major signage projects through the full supply chain cycle – from site scoping through to installation.
